Microsoft Excel & Google Sheets

Statistics

Problem-Solving

LANGUAGES

English

Arabic

PROFESSIONAL SUMMARY

Third-year Computer Science student with hands-on experience in SQL, Python, Tableau, Power BI, and data visualization. Completed the Google Data Analytics Certificate and IBM Python for Data Science. Demonstrated ability to clean, analyze, and visualize real-world datasets to drive business decisions. Seeking a Data Analyst, Data Science, or AI internship at Orange to apply analytical and machine learning skills, deliver results, and solve complex problems with data.

PROFESSIONAL EXPERIENCE

Python Project for Data Science | IBM Data Science Professional Certificate, Coursera

2024

- Built a web scraping tool in Python to extract structured information from live websites
- Integrated public APIs to pull and refresh time-series data automatically, keeping datasets up to date
- Used stock and Revenue data for Tesla and GameStop and discovered trends

Database Project Team Leader | Shorouk Academy, Shorouk City, Cairo

November 2025 – December 2025

- Designed and implemented a relational database for a blood bank to manage donor records, blood inventory, and patient requests
- Wrote SQL queries to track blood types, expiration dates, and donor eligibility while ensuring data integrity

Data Analytics Capstone Project | Coursera (Google Data Analytics Certificate), Online

October 2025 – December 2025

- Completed a hands-on capstone project simulating a real-world data analytics scenario using a public dataset
- Cleaned, validated, and analyzed data with spreadsheets and SQL, then visualized insights using Tableau

Real Estate Cold Caller | Skyline BPO

August 2025 – November 2025

- Conducted outbound cold calls to prospective clients in Arabic and English, clearly presenting property offers and qualifying leads for the sales team
- Built rapport quickly with a wide range of callers, using persuasive communication and active listening to keep prospects engaged
- Maintained detailed, organized call logs and lead-status records, supporting accurate follow-up and demonstrating strong organizational discipline

Customer Service Representative | Fawry Company

February 2025 – June 2025

- Handled a high volume of customer inquiries and complaints by phone and chat in Arabic and English, resolving issues efficiently while maintaining a professional, courteous tone
- Documented customer interactions accurately and escalated complex cases appropriately, demonstrating strong written communication and problem-solving skills
- Consistently met response-time and satisfaction targets, reflecting reliability and the ability to perform under pressure in a fast-paced environment

Pharmacist Assistant | Dr. George's Pharmacy, Ghamra, Cairo

June 2022 – August 2024

- Communicated with a diverse customer base in both Arabic and English, clearly explaining dosage instructions and answering product questions
- Delivered attentive, professional customer service in a high-traffic pharmacy setting, building trust with regular clients and handling sensitive conversations with discretion
- Supported day-to-day pharmacy operations, including stock organization and order preparation, developing strong attention to detail and reliability under time pressure

VOLUNTEERING

Volunteer | Cairo International Book Fair

January 2021 – February 2021

- Helped organize the 2021 Book Fair, assisting with event coordination and booth setup
- Managed visitor flow, arranged book displays, and supported publishers and attendees
- Developed teamwork, communication, and time-management skills through a large-scale cultural event
